Note: Please note that SERI has revised the previous GRP growth estimates. The release of the State GRP figures in the 9th Malaysia Plan (9MP) as compiled by the Economic Planning Unit (EPU) provides SERI with a point of reference for its GRP projections for the State. SERI's estimates of GRP are compiled and projected based on data available at the State level. To a large extent, it is dependent upon the cooperation of both public and private sectors in voluntary and timely disclosure and reporting of data. However, due to the insufficiency of state level data, SERI has discontinued the estimation of state level's GRP since 2006 and onward.
